

Day 1

- **Task 1**
 - **Make a form with the following fields**
 - 3 fields for first name – last name and your phone number
 - First name must be written
 - Lastname takes ghost text with “write your last name here”
 - Phone number must 11 number not less or more
 - Make an input that empties all inputs
 - Send them to a file send.php
 - Make all data encrypted
 - **Then, duplicate it to another one with novalidate attribute**
- **Task 2**
 - **Make disappearing input and noneditable one**
- **Task 3**
 - Make 6 image of games with their heading and type with brief about every game (Don’t forget to make a good structure)
- **Task 4**
- **Design a table like below using HTML**

Have a nice code
